As at 31 March 2010 AB DnB NORD Bankas Group (hereinafter referred to as "the Group") in Lithuania consisted of AB DnB NORD Bankas and its subsidiaries UAB DnB NORD Investicijų Valdymas, UAB DnB NORD Lizingas, UAB DnB NORD Būstas and UAB Intractus.

Basis of preparation

The Bank and the Group condensed interim financial information was prepared in accordance with IAS 34. The interim consolidated financial statements do not contain all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual financial statements as at 31 December 2009.

The accounting policies adopted in the preparation of the interim consolidated financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2009, except for the adoption of the following new and amended IFRSs and IFRIC interpretations:

Amendment to IFRS 2 *Share-based Payment.* The amendment clarifies the scope and the accounting for group cash-settled share-based payment transactions. The amendment did not have any impact on the financial position or performance of the Group, as the Group does not have share-based payments.

Amendments to IFRS 3 *Business Combinations* and IAS 27 *Consolidated and Separate Financial Statements.* Revised IFRS 3 (IFRS 3R) introduces a number of changes in the accounting for business combinations that will impact the amount of goodwill recognised, the reported results in the period that an acquisition occurs, and future reported results. IAS 27R requires that a change in the ownership interest of a subsidiary (without loss of control) is accounted for as an equity transaction. Therefore, such transactions will no longer give rise to goodwill, nor will it give rise to a gain or loss. Furthermore, the amended standard changes the accounting for losses incurred by the subsidiary as well as the loss of control of a subsidiary. Other consequential amendments were made to IAS 7 *Statement of Cash Flows*, IAS 12 *Income Taxes*, IAS 21 *The Effects of Changes in Foreign Exchange Rates*, IAS 28 *Investment in Associates* and IAS 31 *Interests in Joint Ventures*. The amendments did not have any impact on the financial position or performance of the Group, as the Group did not have such transactions addressed by these changes.

Amendment to IAS 39 *Financial Instruments: Recognition and Measurement* – Eligible Hedged Items. The amendment addresses the designation of a one-sided risk in a hedged item, and the designation of inflation as a hedged risk or portion in particular situations. It clarifies that an entity is permitted to designate a portion of the fair value changes or cash flow variability of a financial instrument as hedged item. The amendment did not have any impact on the financial position or performance of the Group, as the Group has not entered into any such hedges.

IFRIC 12 *Service Concession Arrangements.* This interpretation applies to service concession operators and explains how to account for the obligations undertaken and rights received in service concession arrangements. No member of the Group is an operator and, therefore, this interpretation has no impact on the Group.

IFRIC 17 *Distributions of Non-cash Assets to Owners.* The interpretation provides guidance on the appropriate accounting treatment when an entity distributes assets other than cash as dividends to its shareholders. IFRIC 17 did not have any impact on the consolidated financial statements because the Group does not distribute non-cash assets to owners.

(All amounts are in LTL thousand, if not otherwise stated)

Basis of preparation (continued)

IFRIC 18 *Transfers of Assets from Customers*. The interpretation provides guidance on accounting for agreements in which an entity receives from a customer an item of property, plant and equipment that the entity must then use either to connect the customer to a network or to provide the customer with ongoing access to a supply of goods or services (such as a supply of electricity, gas or water). IFRIC 18 did not have any impact on the consolidated financial statements because the Group does not have such agreements.

In May 2008 and April 2009 IASB issued omnibus of amendments to its standards, primarily with a view to removing inconsistencies and clarifying wording. There are separate transitional provisions for each standard; the changes are effective for financial years beginning on or after 1 January 2010. The adoption of the following amendments did not have any impact on the financial position or performance of the Group:

- IFRS 5 Non-current Assets Held for Sale and Discontinued Operations.
- IFRS 8 Operating Segments.
- IAS 7 Statement of Cash Flows.
- IAS 36 Impairment of Assets.

Other amendments resulting from Improvements to IFRSs to the following standards did not have any impact on the accounting policies, financial position or performance of the Group:

- IFRS 2 Share-based Payment;
- IAS 1 Presentation of Financial Statements;
- IAS 17 Leases;
- IAS 38 Intangible Assets;
- IAS 39 Financial Instruments: Recognition and Measurement;
- IFRIC 9 Reassessment of Embedded Derivatives;
- IFRIC 16 Hedge of a Net Investment in a Foreign Operation.

The other standards and interpretations and their amendments adopted in 2010 did not impact the financial statements of the Group, because the Group did not have the respective financial statement items and transactions addressed by these changes.

The amendment that has been published during the first quarter of 2010 but as at 31 March 2010 is not yet effective and has not been early adopted by the Group:

Amendment to IFRS 1 *First-time Adoption of International Financial Reporting Standards* - Limited Exemption from Comparative IFRS 7 Disclosures for First-time Adopters (effective for financial years beginning on or after 1 July 2010).

The preparation of financial information in conformity with International Financial Reporting Standards require the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current event and actions, actual results ultimately may differ from those estimates.

This financial information combines the consolidated financial statements for the Group and stand-alone financial statements of the parent Bank. Such format of reporting was adopted to ensure consistency of presentation with the format prescribed by the Bank of Lithuania and applied for statutory reporting.

Amounts shown in this financial information are presented in the local currency, Litas (LTL). Since 2 February 2002 the exchange rate of the Litas was pegged to Euro at a rate of 3.4528 LTL = 1 EUR.

(All amounts are in LTL thousand, if not otherwise stated)
