## **Basis of preparation**

The Bank and the Group condensed interim financial information was prepared in accordance with IAS 34. The interim consolidated financial statements do not contain all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual financial statements as at 31 December 2010.

The accounting policies adopted in the preparation of the interim consolidated financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2010, except for the adoption of the following new and amended IFRSs and IFRIC interpretations:

### **Amendments to IAS 24 Related Party Disclosures**

The amendments simplify the definition of a related party, clarifying its intended meaning and eliminating inconsistencies from the definition. They also provide a partial exemption from the disclosure requirements for government-related entities. The implementation of these amendments did not have any impact on the financial position or performance of the Group.

### **Amendment to IAS 32 Financial Instruments: Presentation – Classification of Rights Issues**

The amendment changes the definition of a financial liability to exclude certain rights, options and warrants. The amendment did not have any impact on the financial position or performance of the Group, as the Group does not have such instruments.

In May 2010 IASB issued omnibus of amendments to its standards. The amendments became effective for annual periods on or after either 1 July 2010 or 1 January 2011. The adoption of the following amendments may result in changes to accounting policies but did not have any impact on the financial position or performance of the Group:

- IFRS 3 *Business Combinations*;
- IFRS 7 *Financial instruments: Disclosures*;
- IAS 1 *Presentation of Financial Statements*;
- IAS 27 *Consolidated and Separate Financial Statements*;
- IFRIC 13 *Customer Loyalty Programmes*.

### **Amendment to IFRIC 14 IAS 19—The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction**

The amendment modifies the accounting for prepayments of future contributions when there is a minimum funding requirement. This amendment did not have any impact on the consolidated financial statements because the Group does not have defined benefit assets.

**Basis of preparation (continued)**

**IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments**

The interpretation provides guidance on accounting for extinguishing financial liabilities with equity instruments. Since the Group does not have such transactions, IFRIC 19 did not have any impact on its consolidated financial statements.

The preparation of financial information in conformity with International Financial Reporting Standards require the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current event and actions, actual results ultimately may differ from those estimates.

This financial information combines the consolidated financial statements for the Group and stand-alone financial statements of the parent Bank. Such format of reporting was adopted to ensure consistency of presentation with the format prescribed by the Bank of Lithuania and applied for statutory reporting.

Amounts shown in this financial information are presented in the local currency, Litas (LTL). Since 2 February 2002 the exchange rate of the Litas was pegged to Euro at a rate of 3.4528 LTL = 1 EUR.
