- due to unusually cold weather in the first quarter of the year and too warm weather in the third quarter, sales of the new season goods were poor, resulting in a reduction in overall sales profitability ratios;
- since the start of the year 2017 the Group's and Inditex (largest Group partner) cooperation business model has changed. The transition to the new model hit the financial results mostly for the first quarters of 2017 and 2018, so increasing the financial results of the first quarter 2017 and decreasing financial results of the first quarter 2018.

The Group has earned EUR 9.4 million of *profit before income tax* in 12 months 2018, while profit before tax amounted to EUR 16.6 million in 12 months of 2017 (the decrease by 43.1%).
