License No. 183

#### **MANAGEMENT REPORT**

#### Type of activity

"Banga Ltd" SIA (hereinafter - the Company) manufactures and sells canned sterilised fish.

#### Performance and Financial Situation of the Company

The reporting year is the 12th active year of the Company. During the year, the Company continued its core business, increasing turnover, profitability, output and product mix. Active participation in export markets has expanded the sales regions to over 30 countries worldwide and created the conditions for a promising new product launch. The Company's financial position is stable, with a significant increase in equity capital, which is invested in the Company's long-term assets.

#### **Future Development Plans**

The substantial investments made in the Company's production facilities, equipment and infrastructure during the year under review have created the basis to continue to increase output while reducing costs and to develop new products. The production of new ranges and the use of new equipment efficiencies will enable the Company to be more competitive in world markets - increasing turnover and improving profitability. Future development includes continued investment in the Company's real estate, infrastructure, personnel and digitalisation.

#### **Use of Financial Instruments**

Most significant financial instruments of the Company are issued bonds, loans from credit institutions and credit lines, trade and other payables. The main task of these financial instruments is to provide financing for the company's business operations. The Company is also exposed to a number of other financial instruments, such as trade receivables and cash arising directly from operating activities.

#### Financial risk management

The main financial risks arising from the Company's financial instruments are foreign currency risk, interest rate risk, liquidity risk, and credit risk.

Foreign currency risk

Most Company revenue in the reporting period is in euros (in 2021 - in euros); most Company expenses in the reporting period are in euros (in 2021 - euros). Trade receivables that are potentially exposed to currency risk are managed using appropriate pricing policies.

The Company's financial assets and liabilities, which are exposed to foreign currency risk, comprise cash and cash equivalents, trade receivables, trade payables, as well as current and non-current borrowings. The Company is mainly exposed to foreign currency risk of the US dollar (USD) and the Australian dollar (AUD).

Interest rate risk

Interest rate risk arises from changes in interest rates that affect the Company's net profit and future cash flows.

The Company is exposed to interest rate risk mainly through its current and non-current borrowings, that are at a fixed (or floating) rate. The average interest rate payable on the Company's borrowings is disclosed in Notes 17 and 19. Liquidity risk

Liquidity risk is related to the Company's ability to meet short-term and long-term liabilities in a timely manner.

The Company manages its liquidity risk by arranging an adequate amount of committed credit facilities with banks, planning the repayment terms of trade receivables, and developing and analysing future cash flows.

At the end of the reporting period, the Company's current liabilities do not exceed the Company's current assets.

#### Credit risk

The Company is exposed to credit risk through its trade receivables, issued current loans, as well as cash and cash equivalents. The Company manages its credit risk by continuously assessing the credit history of customers and assigning credit terms on an individual basis. In addition, receivable balances are monitored on an ongoing basis to ensure that the Company's exposure to bad debts is minimised.

Ingus Veckāgans (Member of the Board)

## **INCOME STATEMENT**

### Annual report prepared by:

Inita Andriksone (Chief Accountant)

#### NOTES TO THE FINANCIAL STATEMENTS

#### (1) Corporate information

"Banga Ltd" SIA (hereinafter – the Company) was registered with the Republic of Latvia Enterprise Register on November 22., 2007. The registered office of the Company is at Akas street 74B, Roja, Roja parish, Talsi county. The core business activity of the Company is the processing and preserving of fish, crustaceans and molluscs.

This is a separate financial statement. The consolidated financial statements are not prepared in accordance with Article 65 (1) of the Law on Annual Reports and Consolidated Annual Reports.

The member of the Company that prepares the consolidated annual report, which includes the Company as its subsidiary, is "Curlandia" SIA, Reg. No.40103629334 (registered office: Akas street 74B, Roja, LV-3264). Copies of the consolidated annual report are available at "Curlandia" SIA, Reg. No.40103629334 (registered office: Akas street 74B, Roja, LV-3264).

#### (2) Significant accounting principles

#### **Principles of preparation of financial statements**

The annual report has been prepared in accordance with laws of the Republic of Latvia – the Accounting Law and the Law on Annual Reports and Consolidated Annual Reports.

The statement of profit or loss has been prepared according to the function of expense method.

The statement of cash flows has been prepared in accordance with indirect method.

#### Reporting period

| The reporting period is 12 months               | 01.01.2022 | to | 31.12.2022 |
|---|------------|----|------------|
| The previous reporting period is 12 months from | 01.01.2021 | to | 31.12.2021 |

#### **Accounting principles**

These financial statements are prepared on the going concern basis, the accounting and measurement methods applied are consistent with those of the previous financial year, and prudent estimates have been made in preparing these financial statements.

### **Transactions in foreign currencies**

The presentation currency of the Company is the euro (EUR), the monetary unit of the European Union.

Transactions in foreign currencies are translated into the euro at the euro foreign exchange reference rate published by the European Central Bank at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the euro applying the euro foreign exchange reference rate published by the European Central Bank at the last day of the reporting year.

Foreign exchange gains and losses are recognised in the statement of profit or loss for the respective reporting period.

#### Related parties

A related party is a person or an entity that is related to the reporting Company.

A person or a close member of that person's family is related to the reporting Company if that person has control, joint control or significant influence over the reporting Company or is a member of the key management personnel of the reporting Company or of a parent of the reporting Company.

An entity is related to the reporting Company if both are members of the same group. Besides, an entity is related to the reporting Company if the entity is controlled, jointly controlled or significantly influenced by a related party of the reporting Company or this related party of the reporting Company is a member of the key management personnel of that entity or of a parent of that entity.

#### Intangible assets and property, plant and equipment

Property, plant and equipment are recognised at their acquisition value less depreciation and impairment, if applicable. The acquisition value of property, plant and equipment consists of purchase price, import duties and non-refundable purchase taxes, other costs directly attributable to delivery of the assets to their location and getting in the working condition pursuant to the suggested use. Depreciation is calculated over the useful life of the asset according to the linear method applying the following depreciation rates as the basis of calculation:

| Buildings and structures | 4-5%   |
|--------------------------|--------|
| Technological equipment  | 20-33% |
| Office equipment         | 20-33% |
| Computer hardware        | 20-33% |
| Motor vehicles           | 20-33% |
| Other fixed assets       | 14-50% |

#### Land is not depreciated.

Intangible assets are recongised at their acquisition value less amortisation. Amortisation is calculated within the period of useful life of an asset according to the linear method, applying the following rates:

| Licenses                     | 10-20% |
|------------------------------|--------|
| Other intangible investments | 10-20% |

Gains or losses from sales of property, plant and equipment are displayed in the income statement of the respective period. Repair or renovation expenses that increase the useful life of property, plant and equipment or their value are capitalised and written off within the period of useful life of assets. Other repair or renovation expenses are recognised as expense in profit and loss statement.

Expenses related to leasehold improvements are capitalised and displayed in the property, plant and equipment. Depreciation is calculated over the lease period using the linear method. Loan issue expenses that are directly related to formation of property, plant and equipment and construction in progress are capitalised, if such expenses are reasonably attributable and directly related. Loan issue expenses are capitalised before putting the property, plant and equipment into operation.

If any events or changes in circumstances indicate that the carrying value of fixed assets may be irrecoverable, the value of the relevant fixed assets is reviewed to determine their impairment. If there are indications of irrecoverability and if the asset's carrying amount exceeds the estimated recoverable amount, the asset's value is written down to its recoverable amount.

Unfinished construction comprises the cost of cost of construction and work-in-progress and is carried at cost. The initial value includes the cost of materials and other directly attributable costs. Depreciation is not calculated for objects under construction until the relevant asset is completed and put into operation.

## Non-current financial investments

#### Related parties

A related party is a company which is directly or indirectly controlled by another company (the parent company – more than 50% of the shareholders' voting rights in this company). The parent company controls the subsidiary company's financial and business policy. The company recognizes income from investments only in case if it receives distribution of profit from the related company after the purchase date. The received distribution which exceeds this profit shall be considered as investment recovery costs and is recognized as a decrease of purchase costs in the related company's investment.

#### **Valuation of Inventories**

Inventory cost price is determined using the FIFO method.

Inventory balances at the balance sheet date are valued at the purchase or production value, or the lowest market price, depending on which of the prices is lower.

If inventory units are damaged, have become partly or totally obsolete, or the expenses of production completion or selling increase substantially - corresponding inventory units has to be valued at the net sales price. (Net sales price is the estimated sales price in ordinary transactions, less estimated expense till completion).

Revaluation of the full cost of finished products is performed every month. Revaluations are made using ratios whose compliance with actual expenditure is checked once a year.

#### **Debtors**

Debtors are recognized according to the amount of initial invoices, less allowances for doubtful debts. An allowance for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts. Receivables are written off if their recovery is considered as impossible.

Provisions for bad and doubtful debtors

Provisions for bad and doubtful debtors are assessed individually based on repayment analysis and information available regarding debt recoverability. Doubtful accounts receivable are written off in profit and loss or for those with previsouly established provisions - provisions are decreased.

#### **Deferred expenses**

Deferred expenses reflect the payments made during the accounting year, but the use of expenditure is referring to the following reporting periods. The balance value of the balance sheet asset is assessed to the extent that the expected economic benefit is expected in the following reporting periods.

#### Cash

Cash is cash in hand and non-cash in payment accounts and deposit accounts.

#### Loans and borrowings

All borrowings are recognized initially at cost, being the fair value of the consideration received net of issue costs associated with the borrowing. In subsequent periods, borrowings are recognized at amortized cost.

A borrowing is classified as long-term if the payment or write-off occurs later than one year after the end of the respective reporting year. Amounts payable or written off during the year are presented under short-term borrowings.

#### Financial leasing liabilities

Leases of assets under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lower of the fair value of the leased asset or the present value of the minimum lease payments at the inception of the lease. Lease interest payments are included in the income statement for the period in order to reflect a constant rate of lease liability.

Lease is classified as a financial lease if in fact all risks and remunerations that are a characteristic of ownership are transferred to a tenant and if it corresponds to at least one of the following conditions:

- a) ownership to the leased asset will be transferred to the tenant upon expiration of the leasing term;
- b) the lease term includes the majority of the asset's time of useful use;
- c) the leased assets are so specific that only the tenant is entitled to use them without a significant modification.

#### Financial leasing liabilities

The assets for financial lease are initially recognised as the Company's assets after their true value or after the current value of the minimum leasing payments if it is lower than the true value. Each of these values are determined on the date of acquiring the lease asset. Lease liabilities are included in the balance sheet as long-term and short-term liabilities of financial lease. Financial expenditure are reflected in the income statement on the relevant period so that a regular and periodic cost rate from the liability surplus would be provided for each reporting period.

#### Accrued liabilities

Accrued liabilities for unused vacation compensation

Accrued liabilities for unused vacation compensations are established by multiplying the average salary for the last six months of the reporting period with the number of days of unused annual leaves on the end date of the reporting period, including also the mandatory state social insurance contributions made by the employer.

Accrued liabilities for not received expense invoices

Accrued liabilities for unreceived invoices are clearly known trade liability sums for the goods or services received within the reporting year when a relevant payment document (an invoice) has failed to be received on the date of drawing up the balance sheet. The liability sums are calculated, based on the price, which is defined in the relevant agreement, and on the documents that approve actual receipt of the goods or services.

#### **Deferred income**

Payments received before the balance sheet date, but referring to the next reporting periods or further reporting periods, is recognized as deferred income.

#### Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, less value added tax and sales-related discounts. Revenue is recognized by reference to the economic nature and substance of the transaction rather than its legal form.

Sale of goods

The Company mainly sells canned fish products produced by itself and purchased from other producers.

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, and amounts of income earned and expense incurred in connection with the sale of the relevant goods can be measured reliably.

#### Corporate income tax

Corporate income tax expenses are included in financial statement based on management calculations according to laws of Republic of Latvia. Based on the Corporate Income tax law of the Republic of Latvia, starting from 1 January 2018 corporate income tax is applicable to distributed profits and several expenses that would be treated as profit distribution. The applicable corporate income tax rate is 20% or 20/80 from net expense. Corporate income tax on the payment of dividends is recognized in the profit or loss statement as a cost in the accounting period when the respective dividends are declared, while for other objects - at the time when the costs occurred within the accounting year.

Prior to the declaration of dividends, no provision for corporate income tax is recognized for the payment of dividends.

#### **Subsequent events**

Subsequent events that provide additional information about the Company's position at the balance sheet date (adjusting events) are reflected in the financial statements. Subsequent events that are not adjusting events are disclosed in the notes when material.

## (3) Net turnover

Net turnover - proceeds from Company's major activity - sale of goods and provision of services without value added tax.

|     | Type of activity   | NACE code | 2022       | 2021       |

#### (26) Information on the payments for members of the council and the board

The remuneration of members of the Supervisory Board and Board for fulfilment of their duties at the Supervisory Board and Board, as well as for performance of their work obligations is as follows:

|                      | 2022   | 2021   |
|----------------------|--------|--------|
|                      | EUR    | EUR    |
| Members of the Board | 45 274 | 32 903 |
| Total                | 45 274 | 32 903 |

#### (27) Information on pledged or otherwise encumbered assets

The property belonging to Banga Ltd as a community of things at the time of the commercial pledge, as well as the future components of the community of things, are pledged in favor of ZAB VILGERTS SIA, Reg. No. 40203309933, establishing a first-order commercial pledge on it, as security for bonds issued by AS Signet Bank (ISIN:LV0000860088).

#### (28) Important events after the end of the report year

The Russian invasion in Ukraine started in February 2022 has significantly changed the political and economic situation in the world, and it has affected and will keep affecting the economies of the Baltic States. When developing the strategy for 2023, the Company has taken into account the risk of further inflation and increase in interest rates. The management and the owners of the Company follow the situation and believe that the Company will continue to operate stably. This conclusion is based on information available at the time of approval of these financial statements and the impact of future events on future operations may differ from the current assessment. In the period between the last day of the accounting year to the date of signing the financial report no other events have occured, as a result of which these financial statements should be adjusted.

#### (29) Significant events not included in the balance sheet or income statement

In the time period from the last day of the reporting year to the signing of this report, there have been no events that would significantly affect the Company's financial position on December 31, 2022.

### (30) Proposal for Distribution of Profit or Covering of Loss

The management of the Company proposes to leave the profit undistributed.

#### (31) Going concern

The financial statements are prepared on the assumption that the Company will continue as a going concern.

Ingus Veckāgans (Member of the Board)

### Annual report prepared by:

Inita Andriksone (Chief Accountant)

## INDEPENDENT AUDITORS' REPORT

Grant Thornton Baltic Audit SIA Blaumana str. 22 LV-1011 Riga Latvia

T +371 6721 7569 E info@lv.gt.com www.grantthornton.lv

To the shareholder of "Banga Ltd" SIA

Our Opinion on the Financial Statements

We have audited the accompanying financial statements of SIA "Banga Ltd" ("the Company") set out on pages 6 to 23 of the accompanying annual report, which comprise:

- the balance sheet as at 31 December 2022,
- the profit and loss statement for the year then ended,
- the statement of changes in equity for the year then ended,
- the statement of cash flows for the year then ended, and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory notes.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of SIA "Banga Ltd" as at 31 December 2022, and of its financial performance and its cash flows for the year then ended in accordance with the 'Law On the Annual Reports and Consolidated Annual Reports' of the Republic of Latvia.

Basis for Opinion

In accordance with the Law on Audit Services of the Republic of Latvia we conducted our audit in accordance with International Standards on Auditing adopted in the Republic of Latvia (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) and independence requirements included in the Law on Audit Services of the Republic of Latvia that are relevant to our audit of the financial statements in the Republic of Latvia. We have also fulfilled our other professional ethics responsibilities and objectivity requirements in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) and Law on Audit Services of the Republic of Latvia.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Reporting on Other Information

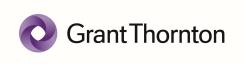

The Company's management is responsible for the other information. The other information comprises:

- Information about the Company, as set out on page 3 of the accompanying Annual Report,
- the Management Report, as set out on pages from 4 to 5 of the accompanying Annual Report.

Our opinion on the financial statements does not cover the other information included in the Annual Report, and we do not express any form of assurance conclusion thereon, except as described in the other reporting responsibilities in accordance with the legislation of the Republic of Latvia section of our report.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed and in light of the knowledge and understanding of the entity and its environment obtained in the course of our audit, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Other reporting responsibilities in accordance with the legislation of the Republic of Latvia

In addition, in accordance with the Law on Audit Services of the Republic of Latvia with respect to the Management Report, our responsibility is to consider whether the Management Report is prepared in accordance with the requirements of the 'Law On the Annual Reports and Consolidated Annual Reports' of the Republic of Latvia.

Based solely on the work required to be undertaken in the course of our audit, in our opinion:

- the information given in the Management Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Management Report has been prepared in accordance with the requirements of the 'Law On the Annual Reports and Consolidated Annual Reports' of the Republic of Latvia.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with the 'Law On the Annual Reports and Consolidated Annual Reports' of the Republic of Latvia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
