

LATVENERGO CONSOLIDATED UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE 6-MONTH PERIOD
ENDING 30 JUNE 2023

31.08.2023, Riga

Disclaimer

This presentation and any materials distributed or made available in connection herewith (collectively, the “presentation”) have been prepared by Latvenergo AS (the “Company”) solely for your use and benefit for information purposes only. By accessing, downloading, reading or otherwise making available to yourself any content of the presentation, in whole or in part, you hereby agree to be bound by the following limitations and accept the terms and conditions as set out below.

You are only authorized to view, print and retain a copy of the presentation solely for your own use. No information contained in the presentation may be copied, photocopied, duplicated, reproduced, passed on, redistributed, published, exhibited or the contents otherwise divulged, released or disseminated, directly or indirectly, in whole or in part, in any form by any means and for any purpose to any other person than your directors, officers, employees or those persons retained to advise you, who agree to be bound by the limitations set out herein.

The presentation does not constitute or form part of, and should not be construed as, an offer, solicitation or invitation to subscribe for, underwrite or otherwise acquire, any securities of the Company or any member of its group nor should it or any part of it form the basis of, or be relied on in connection with, any contract to purchase or subscribe for any securities of the Company or any member of its group, nor shall it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever. Any person considering the purchase of any securities of the Company must inform himself or herself independently before taking any investment decision. The presentation has been provided to you solely for your information and background and is subject to amendment. Further, the information in this presentation has been compiled based on information from a number of sources and reflects prevailing conditions as of its date, which are subject to change.

The information contained in this presentation has not been independently verified. The following consolidated financial statements are unaudited and no auditor has opined that these unaudited financial statements present fairly, in all material respects, the financial position and the results of operations of the Company for the period reported in accordance with generally accepted accounting principles. Therefore, once audited by an independent auditor, the audited financial statements of the Company may differ from the unaudited financial statements presented. However, the Company has prepared the unaudited financial statements on the same basis as its audited financial statements, and in the opinion of the Company’s management, the unaudited financial statements include all adjustments that the Company considers necessary for a fair presentation of its financial position and results of operations for the period presented.

Information about the financial indicators and coefficients used by the Latvenergo Group is available in Latvenergo Group's consolidated and Latvenergo AS Unaudited Annual Financial statements, see the section “Formulas”.

The information in this presentation is subject to verification, completion and change without notice and the Company is not under any obligation to update or keep current the information contained herein. Accordingly, no representation or warranty, express or implied, is made or given by or on behalf of the Company or any of its respective members, directors, officers or employees or any other person as to the accuracy, completeness or fairness of the information or opinions contained in this presentation, and any reliance you place on such information or opinions will be at your sole risk. Neither the Company nor any of its respective members, directors, officers or employees nor any other person accepts any liability whatsoever for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection therewith.

This presentation includes “forward-looking statements,” which include all statements other than statements of historical facts, including, without limitation, any statements preceded by, followed by or that include the words “targets,” “believes,” “expects,” “aims,” “intends,” “will,” “may,” “anticipates,” “would,” “plans,” “could” or similar expressions or the negative thereof. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the Company’s control that could cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the environment in which the Company will operate in the future. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Accordingly, any reliance you place on such forward-looking statements will be at your sole risk. These forward-looking statements speak only as at the date as of which they are made. Past performance of the Company cannot be relied on as a guide to future performance. No statement in this presentation is intended to be a profit forecast.

This presentation is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction.

Prices of electricity and natural gas decreased

Main facts – 1H 2023

- Decrease in electricity prices was primarily affected by a decrease in the price of energy resources, mainly natural gas, and a greater output of renewable energy
- The price of natural gas at TTF virtual trading point (front month) 42% lower, reaching 59 EUR/MWh (1H 2022: 102 EUR/MWh)
- The average price of CO2 emission allowances (EUA DEC.23) 7% higher, reaching 89 EUR/t (1H 2022: 84 EUR/t)

Electricity generation increased by 56%

EBITDA dynamics by segments

EBITDA weight by segments

Generation and trade

Revenue and EBITDA

Main facts – 1H 2023

- The segment’s revenue positively impacted by 17% greater amount of electricity sold in retail, higher energy sales prices and greater amount of power generated at the Daugava HPPs
- The segment’s EBITDA mainly positively impacted by greater amount of power generated at the Daugava HPPs
- Latvenergo Group operates in all energy trade segments in Latvia, Lithuania and Estonia

Latvenergo – largest renewable electricity producer in the Baltics

3,519 GWh of electricity generated

81% of electricity generated from renewable sources

- *Latvenergo* – produced 40% of the total electricity generated in the Baltics
- Electricity generated at *Latvenergo* was 14% greater than the amount of electricity sold in retail
- Electricity generation at Daugava HPPs is up by 44%, and at *Latvenergo* CHPPs, it's up by 151%
- The amount of thermal energy reached 969 GWh (1H 2022: 1,092 GWh)

Trade

Retail electricity supply*

The Baltics

■ Latvenergo Group ■ other suppliers

The number of *Elektrum* customers increased by 6%

The number of *Elektrum* customers outside Latvia increased by 50%, reaching 209 thous.

3,087 GWh of electricity sold to Baltic retail customers.

445 GWh of natural gas sold to Baltic retail customers. The number of customers increased by 88%.

More than 1 thous. contracts were concluded for the installation of solar panels. Installed solar capacity in the Baltics exceeded 55 MW.

More than 20 thous. electric vehicle charges were made at the *Elektrum Drive* electric car charging stations.

Distribution

Revenue and EBITDA

Main facts – 1H 2023

- Electricity distributed decreased by 5%, reaching 3,015 GWh (1H 2022: 3,181 GWh)
- Financial results were negatively affected by reduced consumption due to customer energy efficiency measures and the growing number of microgenerators
- Lower electricity loss costs due to reduced electricity market prices positively impacted financial results
- Capital expenditure in distribution assets reached 45.4 MEUR (1H 2022: 39.3 MEUR)
- New Sadales tīkls AS distribution tariffs are in effect from July 1, 2023. Specific changes depend on the customer's connection and usage.

Investments

Investment in distribution network assets – more than 1/2 of the total

- Investments in network assets allows to improve the quality of the power network services and technical parameters

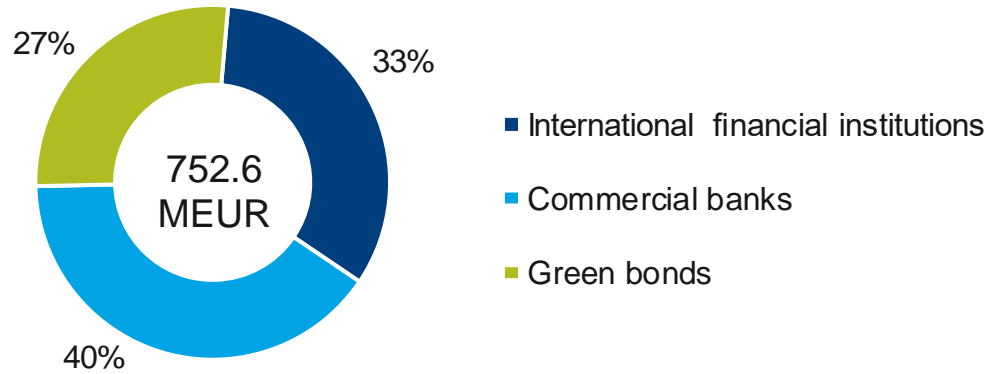

Development of solar park projects

- In June, a solar park with a total capacity of 2 MW was commissioned in Lithuania.
- Overall, in the Baltic region, there are 15 solar park projects in the project or construction stage with a total capacity exceeding 300 MW; their gradual commissioning is expected from 2023-2025.

Investment funding

Diversified long-term funding
