#### 2 Basis of preparation and accounting policies

#### Basis of preparation

The interim condensed financial statements for the three months ended 31 March 2009 have been prepared in accordance with IAS 34 Interim Financial Reporting.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2008.

#### Significant accounting policies

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Group's and Company's annual financial statements for the year ended 31 December 2008, except for the adoption of new Standards and Interpretations as of 1 January 2009, noted below.

Amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards and IAS 27 Consolidated and Separate Financial Statements (effective for financial years beginning on or after 1 January 2009).

The amendment to IFRS 1 allows an entity to determine the 'cost' of investments in subsidiaries, jointly controlled entities or associates in its opening IFRS financial statements in accordance with IAS 27 or using a deemed cost. The amendment to IAS 27 requires all dividends from a subsidiary, jointly controlled entity or associate to be recognised in the income statement in the separate financial statements. The new requirements affect only the parent's separate financial statements and do not have an impact on the consolidated financial statements. These amendments are applied prospectively and will have no impact on the financial position or performance of the Company.

Besides, a new version of IFRS 1 was issued in November 2008. It retains the substance of the previous version, but within a changed structure and replaces the previous version of IFRS 1 (effective for financial years beginning on or after 1 July 2009 once adopted by the EU).

Amendment to IFRS 2 Share-based Payment (effective for financial years beginning on or after 1 January 2009).

The amendment clarifies the definition of a vesting condition and prescribes the treatment for an award that is effectively cancelled. The amendment will have no impact on the financial position or performance of the Group, as the Group does not have share-based payments.

### INTERIM CONSOLIDATED AND PARENT COMPANY'S CONDENSED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2009

(all amounts are in LTL thousand unless otherwise stated)

#### 2. Accounting principles (cont'd)

IFRS 8 Operating Segments (effective for financial years beginning on or after 1 January 2009).

The standard sets out requirements for disclosure of information about an entity's operating segments and also about the entity's products and services, the geographical areas in which it operates, and its major customers. IFRS 8 replaces IAS 14 Segment Reporting. The Group determined in accordance with IFRS 8 and report the same operating segments as the business segments previously identified under IAS 14. In the annual financial statements will be finally identified reportable operating segments by the quantitative thresholds.

Amendment to IAS 1 *Presentation of Financial Statements* (effective for financial years beginning on or after 1 January 2009).

This amendment introduces a number of changes, including introduction of a new terminology, revised presentation of equity transactions and introduction of a new statement of comprehensive income as well as amended requirements related to the presentation of the financial statements when they are restated retrospectively. The Group is preliminary decided all items of recognised income and expense present in two linked statements.

Amendment to IAS 23 Borrowing Costs (effective for annual periods beginning on or after 1 January 2009).

The revised standard eliminates the option of expensing all borrowing costs and requires borrowing costs to be capitalised if they are directly attributable to the acquisition, construction or production of a qualifying asset. In accordance with the transitional requirements of the Standard, currently the Group and the Company apply borrowing costs capitalisation option of effective IAS 23; therefore, there will be no impact on the Group's and the Company's financial statements on the adoption of the revised standard.

Amendments to IAS 32 *Financial Instruments: Presentation* and IAS 1 *Presentation of Financial Statements* – Puttable Financial Instruments and Obligations Arising on Liquidation (effective for financial years beginning on or after 1 January 2009).

The revisions provide a limited scope exception for puttable instruments to be classified as equity if they fulfill a number of specified features. The amendments to the standards will have no impact on the financial position or performance of the Group, as the Group has not issued such instruments.

#### Improvements to IFRSs

In May 2008 IASB issued its first omnibus of amendments to its standards, primarily with a view to removing inconsistencies and clarifying wording. There are separate transitional provisions for each standard; most of the changes are effective for financial years beginning on or after 1 January 2009. The Group anticipates that these amendments to standards will have no material effect on the financial statements.

- IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. Clarification that all of a subsidiary's assets and liabilities are classified as held for sale, even when the entity will retain a non-controlling interest in the subsidiary after the sale.
- IFRS 7 Financial Instruments: Disclosures. Removal of the reference to 'total interest income' as a component of finance costs.
- IAS 1 Presentation of Financial Statements. Assets and liabilities classified as held for trading in accordance with IAS 39 are not automatically classified as current in the balance sheet.
- IAS 8 Accounting Policies, Change in Accounting Estimates and Errors. Clarification that only implementation guidance that is an integral part of an IFRS is mandatory when selecting accounting policies.
- IAS 10 Events after the Reporting Period. Clarification that dividends declared after the end of the reporting period are not obligations.
- IAS 16 Property, Plant and Equipment. Items of property, plant and equipment held for rental that are routinely sold in the ordinary course of business after rental, are transferred to inventory when rental ceases and they are held for sale.
   Also, replaced the term "net selling price" with "fair value less costs to sell".
- IAS 18 Revenue. Replacement of the term 'direct costs' with 'transaction costs' as defined in IAS 39.
- IAS 19 Employee Benefits. Revised the definition of 'past service costs', 'return on plan assets' and 'short term' and
  'other long-term' employee benefits. Amendments to plans that result in a reduction in benefits related to future services
  are accounted for as curtailment.

### INTERIM CONSOLIDATED AND PARENT COMPANY'S CONDENSED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2009

(all amounts are in LTL thousand unless otherwise stated)

#### 2. Accounting principles (cont'd)

- IAS 20 Accounting for Government Grants and Disclosures of Government Assistance. Loans granted in the future with
  no or low interest rates will not be exempt from the requirement to impute interest. The difference between the amount
  received and the discounted amount is accounted for as government grant. Also, revised various terms used to be
  consistent with other IFRS.
- IAS 23 Borrowing Costs. The definition of borrowing costs is revised to consolidate the two types of items that are
  considered components of 'borrowing costs' into one the interest expense calculated using the effective interest rate
  method calculated in accordance with IAS 39.
- IAS 27 Consolidated and Separate Financial Statements. When a parent entity accounts for a subsidiary at fair value in accordance with IAS 39 in its separate financial statements, this treatment continues when the subsidiary is subsequently classified as held for sale.
- IAS 28 Investment in Associates. If an associate is accounted for at fair value in accordance with IAS 39, only the requirement of IAS 28 to disclose the nature and extent of any significant restrictions on the ability of the associate to transfer funds to the entity in the form of cash or repayment of loans applies. In addition, an investment in an associate is a single asset for the purpose of conducting the impairment test. Therefore, any impairment is not separately allocated to the goodwill included in the investment balance.
- IAS 29 Financial Reporting in Hyperinflationary Economies. Revised the reference to the exception to measure assets and liabilities at historical cost, such that it notes property, plant and equipment as being an example, rather than implying that it is a definitive list. Also, revised various terms used to be consistent with other IFRS.
- IAS 31 Interest in Joint ventures: If a joint venture is accounted for at fair value, in accordance with IAS 39, only the requirements of IAS 31 to disclose the commitments of the venturer and the joint venture, as well as summary financial information about the assets, liabilities, income and expense will apply.
- IAS 34 Interim Financial Reporting. Earnings per share are disclosed in interim financial reports if an entity is within the scope of IAS 33.
- IAS 36 Impairment of Assets. When discounted cash flows are used to estimate 'fair value less cost to sell' additional
  disclosure is required about the discount rate, consistent with disclosures required when the discounted cash flows are
  used to estimate 'value in use'.
- IAS 38 Intangible Assets. Expenditure on advertising and promotional activities is recognised as an expense when the
  entity either has the right to access the goods or has received the service. The reference to there being rarely, if ever,
  persuasive evidence to support an amortisation method of intangible assets other than a straight-line method has been
  removed.
- IAS 39 Financial Instruments: Recognition and Measurement. Changes in circumstances relating to derivatives are not reclassifications and therefore may be either removed from, or included in, the 'fair value through profit or loss' classification after initial recognition. Removed the reference in IAS 39 to a 'segment' when determining whether an instrument qualifies as a hedge. Require the use of the revised effective interest rate when remeasuring a debt instrument on the cessation of fair value hedge accounting.
- IAS 40 Investment Property. Revision of the scope such that property under construction or development for future use
  as an investment property is classified as investment property. If fair value cannot be reliably determined, the investment
  under construction will be measured at cost until such time as fair value can be determined or construction is complete.
   Also, revised of the conditions for a voluntary change in accounting policy to be consistent with IAS 8 and clarified that
  the carrying amount of investment property held under lease is the valuation obtained increased by any recognised
  liability.
- IAS 41 Agriculture. Removed the reference to the use of a pre-tax discount rate to determine fair value. Removed the
  prohibition to take into account cash flows resulting from any additional transformations when estimating fair value. Also,
  replaced the term 'point-of-sale costs' with 'costs to sell'.

### INTERIM CONSOLIDATED AND PARENT COMPANY'S CONDENSED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2009

(all amounts are in LTL thousand unless otherwise stated)

#### 2. Accounting principles (cont'd)

IFRIC 13 Customer Loyalty Programmes (effective for financial years beginning on or after 1 January 2009).

This interpretation requires customer loyalty award credits to be accounted for as a separate component of the sales transaction in which they are granted and therefore part of the fair value of the consideration received is allocated to the award credit and deferred over the period that the award credit is fulfilled. The Group does not maintain customer loyalty programmes, therefore, this interpretation will have no impact on the financial position or performance of the Group.

IFRIC 14 IAS 19 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction (effective for financial years beginning on or after 1 January 2009).

This interpretation specifies the conditions for recognising a net asset for a defined benefit pension plan. The Group does not have defined benefit plans, therefore, the interpretation will have no impact on the financial position or performance of the Group.

#### 3 Seasonality of operations

Road and bridge building business give lower revenue and operational profit in the 1<sup>st</sup> quarter in contrast to the 2<sup>nd</sup> and the 3<sup>rd</sup> quarters. Investment assets owned by the Group are revaluated and the change of their value is included in the profit/loss statement at the end of a year.

#### 4 Segment information

The operating business are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

For management purposes, the Group is organised into following segments:

#### Real estate

The real estate segment is involved in investment in real estate, real estate management and administration, facility management, construction management, intermediation in buying, selling and rating real estate.

#### Financial mediation

The financial mediation segment is involved in financial brokerage, corporate finance services, investment and pension fund management, investment and private banking activities. The segment is classified for disposal in these financial statements it is presented as discontinued operations (Note 10).

#### **Pharmacy**

The pharmacy segment produces injections preparations, tablets, and ointments.

#### Furniture production

The furniture segment includes furniture design, production and sale.

#### Roads and bridge construction

The roads and bridge construction segment is involved in building bridges and high quality highway construction.

#### Other production and service segments

The other production and service segment is involved agricultural investment, hardware articles production, information technology solution services and other.

#### 4 Segment information (cont'd)

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocations and performance assessment. Segment performance is evaluated based on net profit or loss and it is measured the same as net profit or loss in the financial statements. Group financing (including finance costs and finance revenue) and income taxes is allocated between segments as they identified on basis legal entities. Between segment is not allocated only elimination, which is related with some operating segments.

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue, segment expense and segment result include transfers between business segments. Those transfers are eliminated in consolidation.

The following table present revenues and profit information regarding the Group's business segments for the 3 months ended 31 March 2009:

Last mentioned invested to AB bankas Finasta in order to restore its equity to comply with minimum equity requirement set by the Lithuanian legislation.

The Group acquired 0.05 % of shares of *Vilniaus Baldai* AB for LTL 19 thousand additionally. The value of the additional interest acquired was LTL 18 thousand. The negative difference equal to LTL 1 thousand between the consideration and the value of the interest acquired has been recognised directly to the shareholders equity.

#### Sales and Acquisitions of AB Sanitas

On 24 October 2008 AB Invalda signed an agreement regarding the transfer of 6,314,502 AB Sanitas shares, which amounts to 20.3 % of authorised share capital. The buyer is Baltic Pharma Limited, company controlled by City Venture Capital International (CVCI).

On 28 October 2008, as the first part of agreement, 5 % of AB Sanitas shares were transferred for LTL 25,513 thousand. On January 12, 2009 the deal was closed and 15.3% of AB Sanitas shares were transferred for LTL 78,070 thousand.

Considering the undertaken investment return risk the price paid for the shares according to the agreement with Baltic Pharma Limited will be adjusted positively or negatively depending on the price Baltic Pharma Limited will receive latter from the shares' sale together with other AB Sanitas shareholders who concluded shareholders agreement. The Company has assured possible variations in sales prices by pledge of 3,763,816 shares of AB Sanitas held to Baltic Pharma Limited and by other shares of AB Sanitas held.

Taking into consideration auditor's consultations in the financial statements dated 31 December, 2008, the Group and the Company recognised separately continuing involvement asset amounting to LTL 25,526 thousand and LTL 21,676 thousand, respectively (included in investments in associates caption) and continuing involvement liability amounting to LTL 24,046 thousand and LTL 20,196 thousand, respectively (included in other non-current liabilities caption), calculated according to the first part of the deal.

The management considers that transferred AB Sanitas' shares are not controlled according to the 23 clause of IFRS 39 standard. Therefore in the financial statements dated 31 March, 2009, there are recognized assets that reflect present value of additional future net cash flows from the sale of shares present value, calculated according to the management assumptions and amounting to LTL 3,194 thousand from both parts of the deal (included in investments in associates caption).
