Financial risk management

Company activity is subject to a variety of financial risks including credit risk, foreign exchange rate and interest rate fluctuation risks. Company management seeks to minimize adverse effect of potential financial risks on Company's financial position.

The Company is exposed to foreign exchange rate fluctuation risk arising from differences in currencies. As with 1 January 2005 lat rate was pegged to euro rate, the lat/euro fluctuations would be limited and a significant influence on financial results in future periods is not expected. Company management considers possibility to apply hedging instruments to reduce the influence of U.S. dollar exchange rate fluctuations.

Financial resources which potentially expose Company to a certain concentration of credit risk are primarily cash and trade receivables. At the end of of reporting of reporting period the Company was not subjected to significant degree of concentration of credit risk, because no customer debt exceeded 5% of total amount of trade receivables. The Company has established and respect credit policy by selling goods on credit only to customers with good credit history and within the credit amount specified for each customer. Trade receivables are specified in recoverable value. Company's partners in cash transactions are local financial institutions with an appropriate credit history.

The Company follows the prudent liquidity risk management, ensuring that the appropriate credit resources are available to meet obligations within specified time. Company's management believes that the Company will have sufficient cash resources so its liquidity is would not be jeopardized.

Circumstances and events after the end of reporting year

In the time period since last day of the reporting year up to signing of the present report there have been no significant events which considerably affect the result of reporting year.

Distribution of profit proposed by the Board

Profit is to be distributed during general meeting of Company shareholders.
