Management Report

Dear shareholders and other stakeholders!

2010 was a turbulent year for the Latvian Shipping Company Group.

In 2010 the Latvian Shipping Company Group suffered losses in the amount of USD142.44 million, considerably higher than the losses of USD90.26 million suffered in 2009. The largest losses relate to a series of impairments, which are required to be made according to the International Financial Reporting Standards. These impairments are as follows:

- (1) the debt owed by the SIA LASCO Investment Group companies, in the amount of USD79.64 million,
- (2) the four new ship buildings with Hyundai Mipo Dockyard Ltd., in the amount of USD45.56 million,
- (3) the investment in SIA NAFTA Invest in the amount of USD5.00 million and
- (4) the vessel Indra in the amount of USD4.92 million.

Due to additional impairments Latvian Shipping Company Group's non-audited results for 2010 differ from the audited results by more than 10%.

Whilst administration expenses decreased from USD28.49 million in 2009 to USD20.34 million in 2010, and despite some improvements in world shipping markets in the second half of the year, the income from shipping activities in 2010 was insufficient to cover the administrative expenses of LSC Group for the period.

The total value of the LSC Group assets has decreased from USD964.41 million in 2009 to USD680.47 million in 2010. There are a number of reasons for this significant decrease. In addition to the impairments mentioned in the paragraph above, the shipping assets were depreciated by USD26.70 million. More significantly, daughter company SIA LASCO Investment was deconsolidated, resulting in a loss of USD114.91 million. This was a consequence of steps taken by the then management to have SIA LASCO Investment declared insolvent, which was endorsed by a decision of the Latvian court on January 3, 2011. The legitimacy of these actions is being challenged by the current management.

In addition, there was a considerable decrease in cash and deposits (USD88.61 million). These were used to repay a loan from Bank of Cyprus and to finance the Group's operations and to acquire SIA NAFTA Invest. The circumstances surrounding this acquisition are part of an ongoing investigation into the activities of the previous management and related legal proceedings.

Due to the losses incurred in 2010, the LSC Group's equity capital has reduced significantly from USD454.77 million to USD313.18 million. This is the first time since 2004 that Group's equity has been less than the share capital.

At the end of the year, the fleet under commercial management of the LSC Group consisted of 21 tankers, 18 of which are owned by the Group, with the remaining 3 vessels belonging to third party shipowners. During 2010 LSC Group sold seven old product tankers and returned one chartered vessel to its owner. As of the 31 December, 2010, the total deadweight of the fleet was 0.96 million DWT, with an average age of 5 years.

Throughout 2010, the tankers of the LSC Group fleet were mainly employed on time charter. Even though the result from vessel operation was positive reaching USD12.69 million, the Group's net voyage result during 2010 fell to USD88.31 million, substantially behind the previous year's result (USD148.91 million). These results are largely attributable to the overall decline in global shipping markets.

The Latvian Shipping Company's shares were among the most actively traded on the NASDAQ OMX Rīga during the reporting period – 2 462 transactions involving 5.06 million shares worth 2.03 LVL million were carried out, representing 48% of all share transactions on the NASDAQ OMX Rīga Official list during the reporting period. On December 31, 2010 the market capitalisation of Latvian Shipping Company was 75.8 million LVL.

Starting in January 2010, shareholders lead by the largest shareholder, joint stock company Ventspils nafta, repeatedly requested the holding of an extraordinary shareholders meeting. The purpose was to make changes to the supervisory council and replace the management board in order to ensure that these bodies acted in the best interests of all shareholders of the Latvian Shipping Company.

After many requests, and after several scheduled meetings were cancelled, a shareholders meeting finally took place on December 17, 2010. This was the first shareholders meeting of Latvian Shipping Company to take place since the Annual General Shareholders Meeting which took place on 30th April, 2009. The meeting in December was promptly followed by a further shareholders meeting on January 28, 2011. As a consequence of these two shareholders' meetings, the supervisory council now represents all of the shareholders of Latvian Shipping Company and consists of eleven members: chairman Simon Boddy, deputy chairman Mikhail Dvorak and members Christophe Theophanis Matsacos, Rubil Yilmaz, Vladimir Egger, Javed Ahmed, Mark Morrell Ware, Olga Pētersone, Oļegs Stepanovs, Mārtiņš Kvēps and Serguei Choutov.

The newly elected supervisory board has also made substantial changes in the management board of Latvian Shipping Company, which now consists of four members: Chairman Paul Thomas and members Michael Main King, Ashley John Neale (until 1 June 2011), Simon Richard Blaydes (from 1 June 2011) and Christopher James Kernon.

Management Report (continued)

The new management is committed to achieving greater efficiencies as demonstrated by the decision of both the Supervisory Council and Management Board to decline salaries at this time. It will continue to strive to maintain the integrity of the current fleet and expand it when economically viable. In 2011 LSC Group sold two unbuilt liquefied petroleum gas carriers with the intention to utilize the equity raised to finance two new build product tankers to be delivered in 2011. This transaction will enable the Group to grow the fleet without a negative impact on its cash position. In this respect there have been productive discussions with our lending banks over recent months and they have been fully supportive of our actions so far to stabilize the Group in what is a difficult environment.

In its normal course of business the Group uses financial assets and financial liabilities which are further described in the financial statement note 27.

The new management is committed to raising standards of corporate governance to bring Latvian Shipping Company Group into line with accepted international standards.

As part of this process, the new management are working to mitigate, and where possible to reverse, the impact of the actions of the previous management. The extraordinary shareholders' meeting of December 17, 2010 and the extraordinary shareholders' meeting of January 28, 2011 adopted resolutions to pursue claims against the former members of the Supervisory Council of Latvian Shipping Company Māris Gailis, Kārlis Boldiševics, Guntis Ločmelis, Uldis Pumpurs, Olga Pētersone, Vladimirs Solomatins, Ansis Sormulis, Normunds Staņēvičs, Andris Vilcmeiers, Svens Zālītis, Miks Ekbaums and Volodymyr Koshkul for compensation for losses caused to Latvian Shipping Company, as well as resolutions on pursuing claims against the former members of the Management Board of Latvian Shipping Company Imants Sarmulis, Edvīns Bērziņš, Andris Linužs and Raivis Veckāgans for compensation of losses caused to Latvian Shipping Company. These claims have already been submitted to Riga District Court.

The dissipation of funds and other assets during 2010, and before, is the subject of continuing investigation. A number of transactions are being challenged through the courts. Significant litigation is continuing in the UK Courts with regard to substantial losses suffered in previous years. These proceedings will be continued. Where additional legal actions are justified, they will be pursued and expanded.

Although in recent years the shipping industry has been adversely affected by the general worldwide economic situation there is now some cause for optimism with some signs of a slow recovery in shipping rates. Latvian Shipping Company Group believes that, in spite of a turbulent 2010, we are now more than able to withstand the challenges of the year ahead.

Main post balance sheet events

In March 2011 the Group sold two unbuilt liquefied petroleum gas carriers for USD52 million each. The equity raised from these sales will be used to partially finance the two new build product tankers to be delivered from Hyundai Mipo Dockyard Ltd (Korea).

In April 2011, the Group completed legal restructuring of m.t. Riga sale and leaseback transaction with a view to optimize the structure of the deal.

In June 2011, the Group has reached an agreement with the lenders under its existing loan facilities to redefine certain financial covenants in order to achieve terms and conditions more reliable to the current state of the Group (refer to the note 48 of the financial statements).

Future prospects

tal T

The Group plans to continue its operations in the core business, shipping, which is supported by the commitment to the new building programme and plans to receive two new buildings in 2011. Also, the Group plans to regain a control over LASCO Investment, the holding company of its non-core business operating in the real estate segment, which is supported by numerous litigations initiated by the current management of the Group.
