Principles of consolidation

Subsidiary companies are the companies controlled by the parent company. Such control is defined as a capability to a company to have determinant effect on other company, manage and influence financial and economic activities to get benefit from that company. For the purposes of control assessment the total available number of shareholders' votes at the General Meeting of Shareholders is considered. The financial statements of subsidiary companies are included into the Consolidated Financial Statement from the day of control gain and are excluded from the day of control loss. During consolidation of financial statement the income and expenses, amounts receivable and payable and unrealized results of the Company Group are eliminated.
