# Management Report

# CEO comment

We are closing the first half of 2026 with an impressive result. Interim service revenue grew by 6.7 per cent, equipment sales revenue increased by 7.2 per cent and interim EBITDA exceeded the threshold of EUR 100 million for the first time while EBITDA margin stood above 40 per cent.

During January-June of 2026, free cash flow generated from our activities was 12.5 per cent higher than a year ago.

The end of June 2026 was marked with two milestones related to the continuous development of our mobile network.

In June, we acquired two 1,500 MHz frequency blocks for almost EUR 8 million and stood out as the largest investor in the 1,500 MHz frequency band in an auction organized by the Communications Regulatory Authority (CRA). The Company received the largest share of these frequencies sold – 40 MHz, which will be used for further development of the 5G network.

Along with this achievement, Telia Lietuva also extended its right to use the 2,100 MHz frequency band in another auction, committing to pay another EUR 2 million for this right.

The 1,500 MHz frequency band is used to increase the capacity of mobile communication networks and ensure more efficient data transmission. This specific frequency, according to the standard, is exclusively focused on data downloading.

Additional frequencies become especially important with the growth of video content consumption, the use of cloud services and other activities generating large data flows. In addition, the frequency will enable higher download speeds in remote areas.

In addition, we announced that during 2026 we will invest EUR 7.1 million in expanding our mobile network. The investment will fund the construction of 50 new base stations, the modernization of 300 existing sites and the upgrade of around 130 additional locations with new radio equipment.

As part of this investment, Telia Lietuva will also install around 30 new base stations in 2027 on towers built under the state-funded RAIN broadband infrastructure programme. These sites will improve mobile coverage in so-called "white areas" – locations where mobile connectivity has previously been limited.

Mobile data traffic in Lithuania is growing by around 25 per cent annually, one of the fastest growth rates in Europe. This consistently increases the load and requires continuous investment in capacity and quality of the network, which customers experience every day when using communication services.

Considering the solid financial position of the Company and following the Annual General Meeting's decision, in May 2026, we have distributed EUR 86.1 million as dividends to the shareholders of Telia Lietuva for the year 2025. It was a record high EUR 0.14 dividend per share payout.

Andreas Ekström, Head of Telia Asset Management at Telia Company, has joined the Telia Lietuva's Board following the shareholders decision to substitute Hannu-Matti Mäkinen, who has resigned from the Board to pursue his new responsibilities within Telia Company Group.

A further change in the Company's management took effect on 1 July 2026. Vaidas Dominauskas was appointed Head of Enterprise, succeeding Aurimas Žlibinas. Mr. Dominauskas rejoined the Company after serving as CEO of Regitra and having previously worked at the Company until the end of 2021.

# What is Telia Lietuva?

By integrating fixed and mobile connections, we deliver the most advanced telecommunications, TV, and IT services and solutions to people and businesses in Lithuania. Throughout the country, our team of 1,600 professionals provides services to residents, enterprises, public sector institutions, and non-governmental organizations. We are also providing services to other local and international telecommunications operators.

We are a part of the international [Telia Company](#) Group, operating in the Nordic and Baltic countries. Through collaboration and shared expertise, we offer millions of customers in six countries greater opportunities and improved service quality.

Telia Company holds 88.15 percent stake in Telia Lietuva. Since 2000, Telia Lietuva shares have been traded on the Nasdaq Vilnius Stock Exchange (symbol – TEL1L). In total, Telia Lietuva has more than 16 thousand shareholders.

Being the largest telecommunications operator in Lithuania, we have been designated by the Communication Regulatory Authority (CRA) of Lithuania as an operator with significant market power (SMP) in 5 telecommunications markets:

- Voice call termination on the mobile network.
- Call termination on individual public telephone networks provided at a fixed location.
- Wholesale local access provided at a fixed location.
- Wholesale central access for mass-market products.
- Wholesale high-quality data transmission services via the terminating segment.

The main Company's intangible resources are radio frequencies allowing us to provide mobile communications services in Lithuania, our employees that ensures seamless connectivity all over the country 24/7, our residential and business customers, our suppliers and other partners.

For provision of mobile 5G communication services we use 3.5 GHz and 700 MHz frequencies obtained at the tender organized by the Lithuanian Communications Regulatory Authority (CRA) in 2022. Other frequencies (800 MHz, 900 MHz, 1.8 GHz, 2.1 GHz and 2.6 GHz) are used for provision of 2G and 4G mobile communication services.

Together with the other largest Lithuanian telecommunications operators, Bitė Lietuva and Tele2, we have established the not-for-profit organization VšĮ Numerio Perkėlimas, which administers a central database for ensuring telephone number portability in Lithuania. The company has no other investments in subsidiaries or associates and has no branches or representative offices.

Our activities are certified for compliance with the following ISO standards:

- IT Service Management System (ISO/IEC 20000-1),

Higher volumes of equipment sale and increased networks' interconnection and roaming cost resulted in higher cost of goods and services for the first half of 2026 compared with the same period a year ago. Employee related expenses rose mainly due to non-recurring redundancy expenses of EUR 1.4 million related to restructuring of the Company's Digital & Technology unit during the first half of 2026. During January-June 2026, compared with the same period in 2025, expenses for energy increased by 14.3 per cent, cost of external IT services went up by 18.4 per cent as well as expenses for common Group function.

During January-June 2026, the total number of employees (headcount) decreased by 86 – from 1,687 to 1,601. In terms of full-time employees (FTE), the total number of employees decreased by 93 – from 1,617 to 1,524. Over the last 12 months total number of employees went down by 119 and in terms of number of full-time employees – by 106.

Non-recurring expenses for the second quarter of 2026 were comprised from one-off redundancy pay-outs of EUR 324 thousand (2025: EUR 17 thousand) and non-recurring other expenses of EUR 31 thousand (EUR 215 thousand). For the first half of 2026 non-recurring redundancy expenses amounted to EUR 1.4 million (EUR 353 thousand a year ago) and non-recurring other expenses to EUR 31 thousand (EUR 351 thousand).

# Risk management

The purpose of the Company's Risk Management Strategy is the creation and protection of value by addressing uncertainty, identifying, managing, and monitoring risks and opportunities that threaten the achievement of the Company's strategic goals, essential for safeguarding our customers, employees, shareholders, assets, and brands.

The Company's risk management is developed in line with the ISO 31000 standard for risk management and the COSO (Committee of Sponsoring Organizations of the Treadway Commission) framework.

**Risks that could impact Telia's operations include, but are not limited to, the following:**

## Financial risk management

The Company's activities expose it to the following financial risks: market risk (including foreign exchange risk, cash flow risk, and fair value interest rate risk), credit risk, and liquidity risk. The Group's Financial Management Policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the company's financial performance.

The Company's exposure to foreign exchange risk is not substantial, as Telia Lietuva operates in the eurozone, and most of services are provided to residents and businesses in Lithuania, with most services and goods purchased from local or eurozone suppliers. However, certain foreign exchange risk exposure arises from the Company's international activities with telecommunication operators and suppliers outside the eurozone, primarily related to settlements in US Dollars. Substantially all the Company's trade payables and trade receivables in foreign currencies are short-term and insignificant as compared to settlements in EUR. The Company manages foreign exchange risk by minimizing the net exposure to open foreign currency positions; therefore, no foreign exchange hedging instruments are used.

The short-term loan of EUR 15 million provided by Telia Company AB in May 2025 was priced based on 3-month EURIBOR interest rates. As of 30 June 2026, the Company has no outstanding loans thus does not use any interest rate hedging tools.

The Company participates in a reverse factoring or Supplier Invoice Financing (SIF) program where suppliers' invoices are paid by third-party banks within 7 days for an agreed fee, covered by the supplier. The Company does not incur any credit fees and does not provide additional collateral or guarantees to the banks. Payment to the banks is made in full invoice amounts within a period of up to one year. The actual term depends on several variables agreed upon by all three parties, one of which is the EURIBOR interest rate.

The Company's financial assets' exposure to credit risk is related to cash deposits and trade receivables. Credit risk of cash deposits is managed by limiting exposure to financial institutions with credit ratings lower than A (according to Fitch or equivalent ratings by Standard & Poor's or Moody's). As of 30 June 2026, the majority (98 per cent) of the Company's cash were held in A+ rated banks.

The Company has a Participation Agreement with Skandinaviska Enskilda Banken (SEB) for customer receivables. Under the agreement, SEB acquires the rights to the cash flows for certain pools of Telia Lietuva's receivables from the sales of equipment to residential customers. The objective of the agreement is to improve the Company's working capital by achieving derecognition of the receivables, transferring the risk related to the receivables to SEB using the so-called "pass-through" rules in IFRS 9 Financial Instruments.

# Risk management

To manage the credit risk of trade receivables, the Company conducts credit checks on all customers (both business and residential) before entering into any new contracts, except for low-value contracts, such as additional TV packages or other value-added services (VAS). Payment control for customers' invoices involves several steps, beginning with a notification before the due date, followed by additional reminders after the due date. Services are restricted after 20 days past due, and contracts are terminated with penalties issued after 50 days past due. Residential customers' debts are transferred to external debt collection before contract termination and can be sold to external partners multiple times per year.

Liquidity risk pertains to the availability of adequate funds for the Company's debt service, capital expenditure, working capital requirements, and dividend payouts. Prudent liquidity risk management involves maintaining a sufficient level of cash and cash equivalents. The Company's liquidity risk management goal is to ensure that the minimum liquidity position (calculated as cash and cash equivalents plus undrawn committed credit facilities) always exceeds 2 per cent of the annual revenue. In 2026, the Company's average liquidity position amounted to 20.2 per cent of the previous year's annual revenue.

In January 2024, the Company has entered into agreement with Telia Company AB and Telia Global Services Lithuania, UAB on cash pooling at SEB bank. Cash pool arrangement provides the Company with the short-term borrowing possibility to ensure its liquidity.

The Company's financial risk management is conducted by employees of the Finance unit in accordance with Telia Company Group policies, in close cooperation with Telia Company Group Treasury. Further details about the Company's financial risk management can be found in Note 3 of the Company's Financial Statements for the year ended 31 December 2025.

# Plans and forecasts

To meet today's demand and prepare infrastructure for the future technologies at the beginning of 2026 the Company commenced construction of a new Tier III standard data center near Vilnius. By the second half of 2027 data center will initially host more than 400 racks. The Company plans to invest up to EUR 26 million into the first two data center modules.

During 2026 the Company will invest EUR 7.1 million in expanding its mobile network. The investment will fund the construction of 50 new base stations, the modernization of 300 existing sites and the upgrade of around 130 additional locations with new radio equipment. As part of this programme, Telia Lietuva will also install around 30 new base stations in 2027 on towers built under the state-funded RAIN broadband infrastructure programme.

# People

Telia aims to offer an environment where all employees can grow, develop, and thrive—one that is inclusive, respects rights, and empowers everyone to reach their full potential.

**People Policy** defines the Company’s expectations for employees, as well as what employees can expect from each other and the Company as their employer. This policy is not part of any employee’s employment contract and may be revised at the Company’s discretion.

The Telia [Code of Conduct](#) serves as our ethical compass, inspiring and guiding us in our daily work. The Telia Code applies to Telia employees, board members, members of our extended workforce – such as suppliers, consultants, freelance and temporary workers – and anyone else who works or provides services for or on behalf of Telia.

**The [People Policy](#) covers the following areas:**

- Addictive substances
- Child labor and forced labor
- Disclosure of conflicting interests
- Freedom of association and collective bargaining
- Integrity
- Diversity, Equity and Inclusion
- Occupational health, safety and well being
- Recruitment
- Terms of employment and working hours
- Total remuneration
- Travel

Any Telia Company employee who suspects violations of the Code of Conduct or People Policy must report it — primarily to their line manager, or alternatively to Human Resources, the Ethics and Compliance Office, or via the [Whistleblowing Line](#).

The protection and improvement of the health, safety and well-being of everyone who works for or with the Company, is a guiding principle in all our operations. This definition includes our employees, contractors, suppliers and visitors. Our common approach is built on promoting good health, well-being and safe work conditions, preventing occupational risks and ill health, and rapidly reacting to injuries and unsafe conditions. This applies to both physical and psycho-social work aspects.

The Company’s occupational health and safety (OHS) management system cover all requirements of ISO 45001 standard. The certificate of compliance with Occupational health and safety (ISO 45001) standard was obtained by the Company in October 2017.

The Company’s objective is to maximize the effectiveness of **remuneration** programs to attract, retain and motivate high calibre staff needed to maintain and improve the success of the business and support the change journey of becoming a new generation telecom company. The aim of Remuneration Policy and the associated remuneration practices is to support the strategic direction and objectives of the Company.

While counting full-time employees, the number of part-time employees is recalculated into full-time employees, and this number does not include employees on maternity/paternity leave.

**The Remuneration Policy sets out the following principles:**

- Competitiveness and positioning
- Job levelling
- Compliance
- Cost effectiveness and administrative efficiency
- Performance orientation
- Equal opportunity

The Company applies total remuneration approach, meaning that remuneration comparisons focus on overall compensation rather than individual components. The Company offers different remuneration components to its employees differentiated based on types of businesses, functions, roles and markets. The remuneration may consist of one or more of the following components:

- Fixed base pay
- Short-term incentives
- Functional incentives
- the Company may introduce long-term incentive plans (such as share-based);
- other financial and non-financial benefits such as additional health insurance, pension plans, etc.

The remuneration of all employees is assessed once a year. In 2026, the remuneration was increased to 95 per cent of the Company employees on average by 6.8 per cent. Additionally, annual bonuses equivalent to approximately 1.9 months’ salary on average were paid to all employees of the Company who worked in the Company for at least 3 months in 2025 and had not received sales incentive payments. The annual bonuses were calculated proportionately for people who worked for less than a full year (but at least three months).

According to the policy, the remuneration structure and levels for the members of the Company’s Management Team are supervised and governed by the Remuneration Committee of the Company and are approved by the Board.

The Company provides additional health insurance to all employees and offers to employee pension savings at 3rd tier pension funds. We also have Collective Bargaining Agreement which is valid for all employees. More information about those benefits is provided in Sustainability statement which is part of the Annual Report for the year 2025.

# Corporate Governance

# Corporate governance

According to the By-Laws of the Company, the **governing bodies of the Company** are the General Shareholder's Meeting, the Board and the CEO. The Law of the Republic of Lithuania on Companies provides that Lithuanian companies at their discretion could have either two (Supervisory Council and Board) or only one collegial governing body. There is no Supervisory Council in the Company.

The decisions of the **General Meeting** made regarding the matters of competence of the General Meeting, are binding upon the Shareholders, the Board, the CEO and other officials of the Company. The Shareholders of the Company that at the end of the date of the record of the General Meeting are shareholders of the Company have the right to participate in the General Meeting. The date of record of the General Meeting of the Shareholders of the Company is the fifth business day prior to the General Meeting or the repeated General Meeting. The person, participating in the General Meeting and having the right to vote, must deliver his/her identification proving document. In case the person is not a shareholder he/she is to present a document, proving his/her right to vote at the General Meeting.

Following the By-laws, **the Board** of the Company consists of six members who are elected for the term of two years and jointly act as a managing body of the Company. The Board represents the shareholders and performs supervision and control functions. The members of the Board are elected by the General Meeting in accordance with the procedure established by the Law on Companies of the Republic of Lithuania. The Chair of the Board is elected by the Board from its members for two years. The Board institutes two Committees: Audit and Remuneration. Three members of the Board comprise each committee.

**The By-laws of the Company provides that the Board of Telia Lietuva:**

- is responsible for the strategic direction of the Company;
- considers and approves the strategy of the Company, the annual and interim reports of the Company, the structure of the Company's governance and positions of the employees, the positions to which employees shall be hired through a contest, and nominees to such positions, nominees to the positions directly reporting to the CEO, remuneration and dismissal from the positions, regulations of branches and representative offices of the Company, general principles (procedure) of payment of bonuses to Company's employees;
- sets the information, which shall be held the commercial secret and confidential information of the Company;

- provides reports to the Shareholders and the Board on major events that are relevant to the Company's activities;
- complies with legal requirements when concluding transactions with related parties;
- executes other functions, ascribed to the competence of the head of a Company in the valid legal acts.

The Company essentially follows a recommendatory **Corporate Governance Code** for the Companies Listed on Nasdaq Vilnius stock exchange (hereinafter 'the Governance Code') adopted in August 2006, amended in December 2009 and newly worded from January 2019. The Company does not have a Supervisory Council, but supervision functions set by the Law on Companies of the Republic of Lithuania are performed by the Board, which is a non-executive managing body of the Company and is comprised from four representatives of the largest shareholder, Telia Company, and two independent members of the Board. The Company does not have a Nomination Committee as its functions are performed by the Remuneration Committee.

The Company prepared the disclosure of compliance with the principles and recommendation set by the Governance Code in Telia Lietuva, AB Corporate governance reporting form for the year ended 31 December 2025, which is a part of the Annual Report for the year 2025..

## Procedure for amending the Company's By-laws

The Company's By-laws provide that the By-laws of the Company can be amended upon the initiative of the Board or Shareholders, whose shares grant them no less than 1/20 of the whole votes. The decision on amendment of the By-laws shall be taken by the 2/3 majority of the votes of participants of the General Meeting. In case the General Meeting takes the decision to amend the By-laws of the Company the whole text of the amended By-laws shall be drawn and signed by the person, authorized by the General Meeting.

## Shareholders' rights

None of the shareholders of the Company have any special controlling rights. Rights of all shareholders are equal. As of 30 June 2026, the number of the Company's shares that provide voting rights during the General Meeting of Shareholders amounted to 582,613,138. One ordinary registered share of the Company gives one vote in the General Meeting of Shareholders.

The Company is not aware of any agreements between the shareholders that could limit transfer of securities and/or their ability to exercise their voting rights.

## Shareholders' meeting

The Annual General Meeting held on 24 April 2026 decided to:

- approve of the Company's annual financial statements for the year 2025,
- allocate the Company's profit for the year 2025,

## The Board Activities

The Board member, Hannu-Matti Mäkinen, has resigned from the Board as of 23 April 2026 due to change of his responsibilities and position within Telia Company Group.

The General Meeting of the Company's shareholders held on 24 April 2026 following the proposal of the largest Company's shareholder, Telia Company AB, for a current term of the Board (till 28 April 2027) elected to the Board Andreas Ekström, Head of Telia Asset Management at Telia Company AB.

On 14 July 2026, the Company's Board elected Andreas Ekström to the Remuneration Committee.

During January-June 2026, three ordinary **meetings of the Board** were held and two written decisions of the Board (without convention of the meeting) were adopted. Ordinary meetings were convened according to the preliminary approved schedule of the Board meetings. Both written decisions of the Board were adopted regarding the remuneration and changes of the Company's Management team.

During all Board meetings there was quorum prescribed by legal acts. All meeting were chaired by the Chair of the Board, Stefan Backman.

The Board on a regular base considers reports of the Audit and Remuneration Committees, as well as reports of the Company's management.

During its meetings the Board, besides the ongoing follow up of the Company's business plan implementation approved:

- financial statements for the 12 months of 2025 and 3 months of 2026,
- financial statements and the annual report for the year ended 31 December 2025,
- convocation of the Annual General Meetings of Shareholders and agenda of the Meeting,
- proposal of Profit allocation for the year 2025,
- Remuneration Report for the year 2025,
- proposal to elect KPMG Baltics as the Company's audit enterprise for the year 2026-2027,
- internal audit plan for the year 2026,
- payment of annual bonuses for the year 2025,
- CEO's compensation package,
- changes in Management team.

The **Remuneration Committee** of the Company is responsible for making recommendations to the Board on creating a competitive compensation structure aimed at attracting and retaining key management talent. It also ensures the integrity of the Company's compensation and benefit practices, links compensation to performance, and safeguards the interests of all shareholders. The Remuneration Committee reviews and establishes general compensation goals and guidelines for the Company's employees, determines bonus criteria, recommends compensation for executives and management, plans executive development and succession, assists the Chair of the Board in CEO recruitment, and aids the CEO in recruiting managers who report directly to them.

During the first six months of 2026, the Remuneration Committee held one ordinary meeting. The committee discussed the following issues:

- evaluation of the Company's Management team members' performance and approval of short-term incentives for Management team for the year 2025,
- base salary review for Management team members,
- short-term incentive KPI's for the year 2026,
- short-term incentives principles,
- Remuneration Report for the year 2025,
- proposal regarding the tantiemes for the year 2025.

All members of the Committee attended the meeting. The meeting was chaired by the Chair of the Committee, Claes Nycander.

The purpose of the **Audit Committee** is to assist the Board in fulfilling its oversight responsibilities. It reviews the financial reporting process, internal control systems, management of financial risks, audit processes, and the Company's compliance monitoring with laws, regulations, and internal policies.

During the first half of 2026, one meeting of the Audit Committee was held, during which the following issues were considered:

- the report by external auditors regarding the financial statements for the year 2025,
- draft of audited financial statements and the Annual Report for the year 2025,
- draft of Profit allocation statements for the year 2025,
- internal audit and risk management reports,

- internal audit plan for the year 2026,
- nomination and remuneration of the Company's audit enterprise for the year 2026 and 2027,
- report of GREC (Governance, Risk, Ethics and Compliance) meeting,
- update on funding and liquidity.

All members of the Committee attended the meeting of the Committee. The meeting was chaired by the Chair of the Committee, Leda Iržikevičienė.

## Auditors

The Annual General Meeting of Shareholders held on 24 April 2026 elected KPMG Baltics, UAB as the Company's audit enterprise for the year 2026 and 2027.

The General Meeting authorized the CEO of the Company to conclude the agreements for the audit of the Company's annual financial statements, the assessment of the annual report and provision of the limited assurance of the sustainability statement, establishing the payment for the services as agreed between the parties but in any case, not more than EUR 560 thousand for two financial years.

As at 1 January 2009, amendments to Law on Corporate Profit Tax came into effect which provides tax relief for investments in new technologies. As a result, the Company's calculated profit tax relief amounts for 2026 to EUR 0.6 million (2025: EUR 0.8 million). Investments in new technologies are capitalised as property, plant and equipment, and their depreciation is deductible for tax purposes, therefore, the tax relief does not create any deferred tax liability.

The tax authorities may at any time inspect the books and records within 3 years from the end of the year when tax declaration was submitted and may impose additional tax assessments with penalty interest and penalties.

The Company's management is not aware of any circumstances, which may give rise to a potential material liability in this respect.

## 4 Earnings per share

Basic earnings per share are calculated by dividing the net profit (loss) for the period by the weighted average number of ordinary shares in issue during the period. The Company has no dilutive potential ordinary shares and therefore diluted earnings per share are the same as basic earnings per share. The weighted average number of shares for both reporting periods amounted to 582,613 thousand.

The Company leases land for the construction of mobile stations. Upon expiry of the lease term the mobile stations should be disassembled and land restored so that it could be returned to the land owner in a condition it was before the lease. Similarly, the Company has telecommunication equipment installed in the premises or on the buildings leased from third parties. This equipment will have to be disassembled when the lease agreement expires.

To cover these estimated future costs, assets retirement obligation has been recognized. The Company expects that assets retirement obligation will be realized later than after one year. Therefore, the whole amount of assets retirement obligation has been classified as non-current provision for other liabilities and charges.
