TO THE SHAREHOLDERS OF AS TOSMARES KUĢUBŪVĒTAVA

Report on the Financial Statements

We have audited the accompanying financial statements on pages 5 to 19 of TOSMARES KUĢUBŪVĒTAVA ("the Company") which comprise the balance sheet as at December 31, 2013 and the income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Annual Accounts Act of the Republic of Latvia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and presentation of financial statements that are free from material misstatement whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted by the Latvian Association of certified auditors. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. Procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management.
