Management Report of JSC Ventspils nafta

Dear shareholders, clients and cooperation partners,

In 2010 JSC Ventspils nafta and its subsidiaries continued work on improving operational efficiency of companies, optimizing expenses and improving corporate governance. In 2010 the largest shareholder of JSC Ventspils nafta has taken a significant role in bringing in international experience of seasoned professionals to the Supervisory Councils of the holding company and its holdings.

In 2010 one of the largest JSC Ventspils nafta shareholders Euromin Holdings (Cyprus) Limited increased its shareholdings in JSC Ventspils nafta by more than 1.5%, thus becoming an owner of 49.5% shares in JSC Ventspils nafta and thereby becoming the largest shareholder of JSC Ventspils nafta.

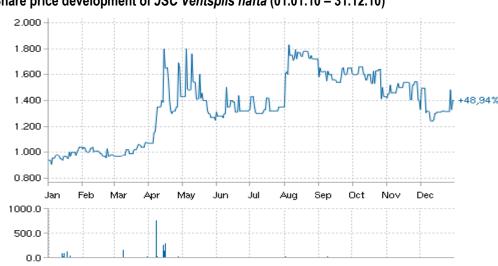

In the accounting year, the management of *JSC Ventspils nafta* has essentially changed. On January 20, 2010, and July 7, 2010 the Supervisory Council of *JSC Ventspils nafta* was re-elected and Mr. Vladimir Egger was elected as the Chairman of both of these Supervisory Council compositions.

On January 20, 2010 Mr. Simon Boddy was elected as the Chairman of the Management Board of JSC Ventspils nafta.

Substantial changes in the Management Board of *JSC Ventspils nafta* have taken place in 2010 – in the course of the year four members of the Management Board of *JSC Ventspils nafta* have either resigned or been dismissed from their positions, whilst the Supervisory Council of *JSC Ventspils nafta* elected four new members of the Management Board. At the moment the *JSC Ventspils nafta* Management Board continues working in composition of three members.

In the course of 2010, on the NASDAQ OMX, 1,492,345 shares were traded comprising total turnover of LVL 2.22 million, which is 1.5 times more than in 2009.

Share price development of JSC Ventspils nafta (01.01.10 - 31.12.10)

Management Report of JSC Ventspils nafta (cont'd)

Unaudited consolidated net turnover of the JSC Ventspils nafta Group in 2010 has reached LVL 53 million and unaudited net loss has reached LVL 18.62 million. The reason of the substantial losses of the JSC Ventspils nafta Group in the accounting year is the financial results of its associated company JSC Latvian Shipping Company in 2010.

JSC Ventspils nafta as a parent company's unaudited net profit has reached LVL 6.56 million in 2010, which is LVL 5.4 million more than the net profit in 2009. In 2010 JSC Ventspils nafta as a parent company implemented strict cost cutting policy with the most substantial savings achieved in administrative expenses, which decreased from LVL 2.45 million in 2009 to LVL 1.25 million in 2010. The management of JSC Ventspils nafta will continue working on reduction of administrative expenses in 2011.

In the end of 2010, with a view to limit the financial assets that are subject to foreign currency risk, the *JSC Ventspils nafta* management decided to convert the principal amount of the long-term debt that has been issued to the company *Euromin Holdings (Cyprus)* from 90 million US dollars to an equivalent amount in euro, namely, 67.96 million euro (EUR). In line with the said conversion, the variable part of the long-term debt's interest rate is further fixed as EUR Libor of 3 months instead of USD Libor of 3 months. The first interest payment of the long-term debt in EUR is expected in March 2011. There are no delays in interest payments for the long-term debt.

Insolvency of LASCO Investment Ltd was announced on January 3, 2011. LASCO Investment Ltd is a significant debtor of JSC Ventspils nafta – as at December 31, 2010 the principal amount of its debt to JSC Ventspils nafta constitutes about 27.6 million lats, while the accumulated interest for the debt is over 1 million lats. The JSC Ventspils nafta management is currently assessing the situation in relation to the insolvent LASCO Investment Ltd and regaining the debt, as well as the possible necessity to form provisions.

Turnover of the JSC Ventspils nafta subsidiary Ventspils nafta termināls Ltd reached LVL 43.4 million in 2010, which is 27% less than in 2009. In turn the unaudited net profit in 2010 reached LVL 9.67 million, or 46% more than in 2009 when the net profit of Ventspils nafta termināls Ltd was LVL 6.6 million. Ventspils nafta termināls Ltd is the largest of such companies in the region, and its crude oil and petroleum products shore-tank farm reaches 1.2 million cubic metres and has no analogues among similar companies in the nearest countries.

At the same time, in 2010 Ventspils nafta termināls Ltd continued actively implementing various modernisation measures, by optimising the operating processes and procedures of the company, increasing the labour effectiveness, and ensuring introduction of higher requirements for environmental protection, as well as adapting to the new economic conditions by developing its activities according to similar international principles as in other Vitol Group companies and thus strengthening its positions in the international market.

In order to ensure competitiveness and long-term development, in 2010 *Ventspils nafta termināls Ltd* implemented an investment project worth one million lats. In the framework of the project a production complex for treatment of gasoline with butane was created. This complex will ensure production of a new and competitive product – butanized gasoline.

In the accounting year, changes took place in composition of shareholders of Ventspils nafta termināls Ltd, as restructuring was implemented within the Vitol Group. On March 23, 2010 the Ventspils nafta termināls Ltd shareholder Euromin Holdings (Cyprus) Limited transferred the 49% shares in Ventspils nafta termināls Ltd owned by it to Eurotank Holding Sarl, which in common with the previous shareholder of Ventspils nafta termināls Ltd is a company of the Vitol Group. The management of JSC Ventspils nafta holds a view that the mentioned changes in shareholders of Ventspils nafta termināls Ltd are not directly related to JSC Ventspils nafta and will not affect the economic activity of Ventspils nafta termināls Ltd.

Income from the basic activity of *JSC Ventspils nafta* subsidiary *LatRosTrans Ltd*, owner and operator of crude oil and petroleum products pipeline in the territory of Latvia, constituted LVL 9.9 million in 2010, which is 52% more than in 2009.

Petroleum products transportation volumes of *LatRosTrans Ltd* in the accounting period reached 5,635 thousand tons, which is 13% more in comparison with the accounting year budget, and even 49% more in comparison with the previous accounting year when petroleum products transportation volumes reached 3,771 thousand tons. Increase in transportation volumes in comparison with the previous accounting years was the main reason that improved the economic activity results of *LatRosTrans Ltd*.

Management Report of JSC Ventspils nafta (cont'd)

Unaudited net losses of *LatRosTrans Ltd* reached 1,467 thousand lats in the accounting year. Compared to the previous accounting year, a considerable decrease of losses by 4,665 thousand lats or 76% is achieved, considering that the net turnover increase constituted 52%. This result was reached as a result of implementing restructuring program of *LatRosTrans Ltd*.

In common with the previous accounting years, the main expense position in the expenditure structure of *LatRosTrans Ltd* was amortization of long-term investments and depreciation, which constituted 4,965 thousand lats in 2010 (in 2009: 5,103 thousand lats). Considering that proportion of long-term investments in the assets structure of *LatRosTrans Ltd* balance sheet constituted 86%, and amortization and depreciation costs of these assets have been fixed in a long time period, the largely fixed expenditure structure of the company had a negative impact on profitability of *LatRosTrans Ltd*. Upon evaluation of the cash flow report of *LatRosTrans Ltd* for 2010, it can be concluded that irrespective of the losses of the accounting year, in common with 2009, *LatRosTrans Ltd* has ensured a positive basic activity net cash flow.

There was a substantial dispute in relations with the associated company *JSC Latvian Shipping Company* in 2010. Already in January of 2010 *JSC Ventspils nafta* required the Management Board and Supervisory Council of *JSC Latvian Shipping Company* to convene an extraordinary shareholders' meeting in order to decide on changes in the Supervisory Council. The *JSC Latvian Shipping Company* Management Board and Supervisory Council avoided convening and holding an extraordinary shareholders' meeting throughout 2010, thus denying *JSC Ventspils nafta* and other shareholders their legal rights to participate in administration of the company. Moreover, the management of *JSC Latvian Shipping Company* has concluded several economically groundless transactions in 2010, and as a result the *JSC Latvian Shipping Company* Group has ended the year 2010 with huge losses. The unaudited losses of the *JSC Ventspils nafta* associate *JSC Latvian Shipping Company* of 2010 reached 123.9 million US dollars.

The extraordinary shareholders' meeting of *JSC Latvian Shipping Company* finally took place on December 17, 2010, and a new Supervisory Council and Management Board of *JSC Latvian Shipping Company* was elected. The audited consolidated financial reports of *JSC Latvian Shipping Company* for 2009 were approved by an extraordinary shareholders' meeting of the *JSC Ventspils nafta* associate *JSC Latvian Shipping Company* on January 28, 2011. The audited consolidated net losses of *JSC Latvian Shipping Company* for 2009 reached 90.3 million US dollars or 45.6 million lats. Taking into account these losses of 2009, the unaudited consolidated losses of the *JSC Ventspils nafta* Group for 2009 are 15.96 million lats, while the unaudited assets of the *JSC Ventspils nafta* Group are 369 million lats as at December 31, 2009. The *JSC Ventspils nafta* Group for 2009 in order to publish and approve them as soon as possible.

In addition it should be mentioned that on January 28, 2011, the extraordinary shareholders' meeting of *JSC Latvian Shipping Company* elected a new Supervisory Council, as well as decided to pursue a claim against the previous members of the Supervisory Council and individual Management Board members on compensation of losses caused to *JSC Latvian Shipping Company* in 2009 and 2010.

The global situation pertaining to financially economic development and the local conditions are indicating that the companies of *JSC Ventspils nafta* Group have to deal with hard and difficult work following the end of the accounting period to guarantee stable operations also in the future.
