### About the Company

VN Group (*JSC Ventspils nafta* and its subsidiaries) is one of the largest groups of companies in Latvia. The core companies of the group are the crude oil and petroleum products terminal *Ventspils nafta termināls Ltd*, which is the largest in the Baltics; the largest Latvian-Russian joint venture in the Baltic States *LatRosTrans*, which provides transportation of petroleum products by the main diesel pipeline and which also owns the main pipeline for transport of crude oil; as well as *Latvian Shipping Company*, which owns fleet in the medium size and handy tanker segment.

### Mission

The mission of JSC Ventspils nafta, the Group's parent company, is to manage investments in the Group's companies with a view to ensure development and maximise investment returns; to strengthen the position of the Group's companies in the global market; and to make maximum use of the unique resources of *Ventspils nafta* – the experience and professionalism of employees, well developed infrastructure, modern technology and advantageous geographic location – always with a view to increase the economic value of the VN Group.

The mission of the VN Group is to safeguard transport infrastructure for some of the world's most important raw materials and sources of energy – crude oil and petroleum products, by working in an advantageous and significant geographical intersection between Eastern and Western Europe. Combining long-term experience of employees, high quality service, developed infrastructure and continuous modernisation of technologies, we transport and store petroleum products and provide shipping services: with care for growth and for people, while paying the highest attention to our impact on the environment.

### Vision

The goal of JSC Ventspils nafta, the Group's parent company, is to increase the value of investments in its managed companies and to ensure maximum operating efficiency; to maintain open dialogue with all shareholders, the Supervisory Council, management and other interested parties; to ensure transparency of the parent company's operations and manage the company in line with best principles of good governance; to plan for any potential risks for the group of companies; and focus on having in place the best long term strategy for the Group.

The goal of the VN Group is to become a Group, which is globally recognised in transportation of petroleum products, storage and shipping; so that the name of *Ventspils nafta* to our partners and the Latvian people signifies reliability, excellent quality of service, high environmental protection standards and an intent to always be a good corporate citizen.

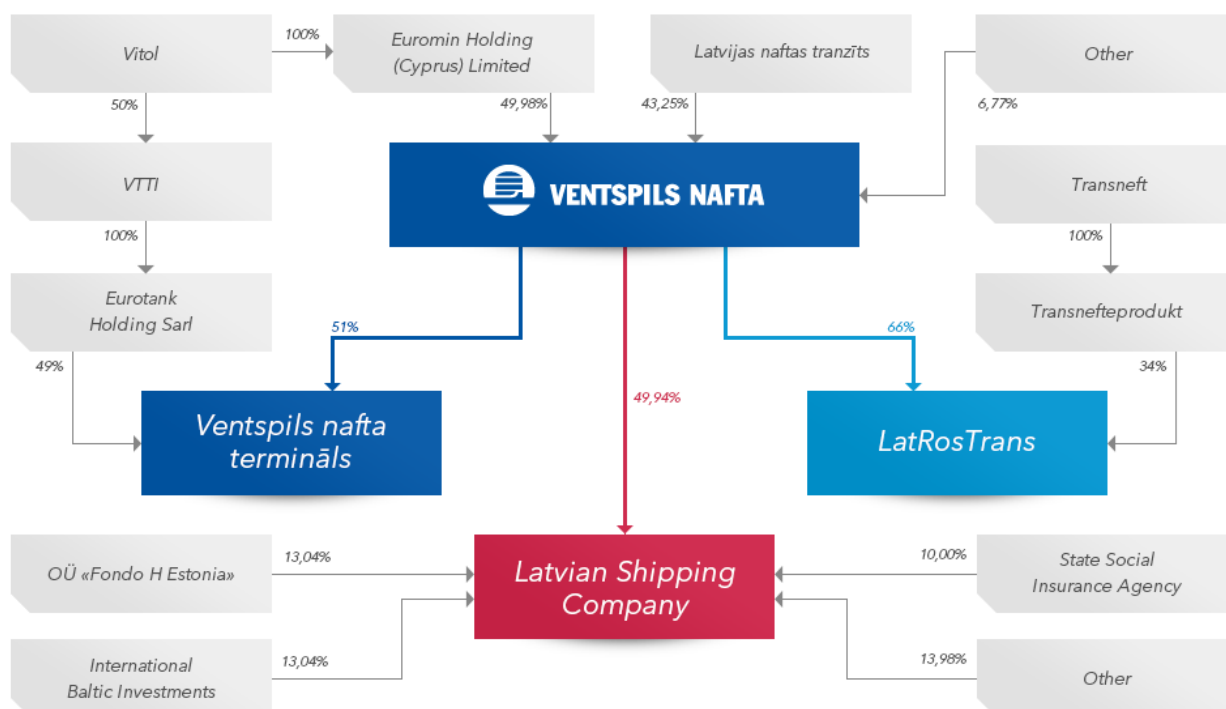

### Strategy

The strategy of *JSC Ventspils nafta*, the Group's parent company, is to improve performance of Group companies by providing policy advice and international know-how on down-stream oil business, by organising joint public procurement tenders and coordinating business activities including corporate loans and communication policy. In this respect the intention of VN Group is to streamline Group's activities by introducing best business practices and good corporate governance standards to improve shareholders value.

## Management Report

### Dear shareholders,

JSC Ventspils nafta and its subsidiaries (the Group) are pleased to report first half-year 2014 profits of 4.35 million EUR. In the same period last year the Group suffered a loss of 10.37 million EUR.

In the reporting period the consolidated income of the Group was 88.90 million EUR (1HY/2013: 90.46 million EUR), but the gross profit was 22.66 million EUR (1HY/2013: 21.83 million). The Group's results for the reporting period were affected by items not related to operating activities.

Previously, in Q1/2014, JSC Latvian Shipping Company (LSC Group) has reported a partial settlement of the Antonio Gramsci Corporation court case in the High Court of London. In the reporting period, this settlement had a positive impact on the LSC Group's assets but it was negated by a further impairment of the fleet. This impairment arose as a result of the decision by the management to reassess the useful life of the fleet from twenty to fifteen years in line with stringent major oil company vetting procedures; especially in respect of vessel age.

Similarly, the investment in 15.91% of the share capital of AS "Latvijas Naftas tranzīts" via SIA "Skonto nafta" (which belongs 71.43% to SIA "Nafta invest") and SIA "Nafta Invest" (which belongs 100% to the LSC Group) by the previous management in Q1/2010 at a price of 27.60 million USD has now been re-evaluated. AS "Latvijas Naftas tranzīts" had not approved or disclosed its audited financial statements for several years, therefore, its financial situation has been unclear. However, based on the recently obtained information, the management has decided to adopt a conservative approach to this investment and has made an impairment of 8.34 million USD.

In HY1/2014 the Group's administrative costs rose by 7.5% to 5.82 million EUR (HY1/2013: 5.41 million EUR). This was mostly due to legal costs, which are attributable to the aforementioned partial settlement in respect of the Antonio Gramsci Corporation court case in the High Court in London.

### Ventspils nafta (VN)

VN's profit of 6.67 million EUR in HY1/2014 was largely resulting from the 6.37 million EUR dividend income derived from its investment in Ventspils nafta terminals Ltd.

During the first half-year of 2014 administrative costs of VN fell by 97 thousand EUR to 380 thousand EUR (HY1/2013: 477 thousand EUR).

VN's administrative costs are fully covered by management services provided to the group and interest income from the issued loans and placed deposits. In HY1/2014 net interest income was 684 thousand EUR (HY1/2013: 540 thousand EUR).

### Ventspils nafta terminals (VNT)

Ventspils nafta termināls' income rose by 4.25 million EUR to 44.72 million EUR (HY1/2013: 40.47 million EUR), driven by a minor growth in volumes to 6.4 million tonnes of petroleum products. Net profit was 6.76 million EUR (HY1/2013: 7.14 million EUR). Volumes continue flowing through both the pipeline (52%) and rail or sea (48%).

### LatRosTrans (LRT)

Volumes of transported petroleum products fell by 7.2% to 3.34 million tonnes (HY1/2013: 3.60 million tonnes).

In HY1/2014 revenues were 9.66 million EUR, down by 4.1% compared to HY1/2013 (HY1/2013: 10.07 million EUR), and gross profits rose by 2 million EUR to 4.37 million EUR (HY1/2013: 2.37 million EUR).

The improvement in gross profit has been partly achieved due to the impairment on the non-current assets recognised in the previous reporting year, resulting in a substantial decrease in depreciation costs of the non-current assets in HY1/2014.

Net result of LRT was 3.47 million EUR (HY1/2013: 2.88 million EUR) in the reporting period. Since a substantial part of LRT's assets are denominated in USD, they are subject to a currency exchange risk, therefore the net result of LRT in HY1/2014 was influenced by net losses from exchange rate fluctuations in the amount of 35 thousand EUR, in turn in the comparative period of HY1/2013 the net result was affected by net profit from exchange rate fluctuations in the amount of 0.74 million EUR.

## Management Report (cont'd)

### Latvian Shipping Company (LSC)

HY1/2014 revenues fell by 5.06 million USD to 47.35 million USD, driven by the consequence of having fewer vessels employed within the fleet.

The financial result for the LSC Group for the HY1/2014 resulted in a net loss in the amount of 8.32 million USD. This figure included vessel impairments in the amount of 22.70 million USD, losses from the sale of vessel "Riga" in the amount of 0.32 million USD, as well as re-evaluation of the investment into AS "Latvijas Naftas tranzīts" in the amount of 8.34 million USD. In the same period last year the LSC Group suffered a loss of 26.60 million USD.

During the HY1/2014 the LSC Group fleet was reduced from seventeen to sixteen vessels. Sale of the vessel "Riga" was concluded in March, 2014. As previously explained, that was required in order to limit the losses originating from the vessel "Riga" sale – leaseback - repurchase agreement concluded back in 2009 by the previous management. The vessel was delivered to the buyer in June, 2014. No further sales are currently planned from the LSC fleet, thus the fleet at 30th June 2014 consisted of sixteen modern tankers with an average age of 6.5 years.

## Notes to the unaudited condensed interim consolidated financial statements

### 1. Accounting policies

These unaudited condensed interim consolidated financial statements are prepared in accordance with and comply with accounting policies applied in preparation of the consolidated financial statements of *JSC Ventspils nafta* and its subsidiaries (hereinafter also – the Group) for the year ended 31 December 2013, which were prepared in accordance with International Financial Reporting Standards as adopted by EU.

The Group's unaudited condensed interim consolidated financial statements are presented in Euros (EUR), which is also the Parent company's functional currency. Each subsidiary in the Group determines its own functional currency and items included in the financial statements of each subsidiary are measured using its functional currency.

#### Transactions and balances

The functional and presentation currency of *Ventspils nafta termināls Ltd*, *LatRosTrans Ltd* and *JSC Ventspils Nafta* is Euros (EUR), the functional currency of *JSC Latvian Shipping Company* is U.S. Dollar (USD).

Transactions in foreign currencies are initially recorded in the functional currency rate ruling at the date of the transaction. Monetary assets and liabilities of the Group entities denominated in other currencies are translated into functional currency at the rate of exchange prevailing at the end of financial period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transaction.

The results and financial position of all the Group entities that have a functional currency different from the presentation currency are translated to the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- income and expenses for each income statement are translated at average exchange rates; and
- all resulting exchange differences are recognised in other comprehensive income.

ECB (the European Central Bank) rate of exchange as at 30.06.2014 EUR/USD – 1.3620 (average – 1.370615)

LB (the Bank of Latvia) rate of exchange as at 30.06.2013. EUR/USD – 1.3039 (average – 1.312857)

LB (the Bank of Latvia) rate of exchange as at 31.12.2013 EUR/USD – 1.3647
